| 7 th | ELA, Math | April 24 - 26 |
| 8 th | ELA, Math, Science, Social Studies | April 17 - 19 |

The primary purpose of the assessment is to provide information about how well a student has mastered the state-adopted content standards for each content area. The EOG assessment is a very important test, but it is only one measure of your child's achievement. Please encourage your child to relax and do his/her very best. You can ensure your child does his/her best by making sure there is plenty of rest each night, a good breakfast each morning, and by arriving to school on time.

If you have questions regarding testing, you may contact your child's school.
