

Message from Dr. Crystal Brown

Principal of Mundy Mill Academy

I am honored to serve as the principal of Mundy Mill Academy. I look forward to collaborating with students, staff members, parents, and community members as we work together in preparation for the 2017-2018 school year. Opening a new school is an exciting, yet challenging, endeavor. Rest assured that the students of Mundy Mill Academy will have a safe and orderly environment in which to learn, qualified and caring teachers, and will be provided opportunities to grow academically, emotionally, and socially. As we prepare to open our new school, we will also be opening a world of possibilities to our students.
